Request for Waiver

In accordance with Sections 54.719 through 54.721 of the Commission's Rules, Gloucester Public Schools requests a Federal Communications Commission (Commission) waiver of the deadline for submission of its Fund Year 2018 Form 471 Discounted Services Application #181041799.

Gloucester Public Schools submitted and certified its Funding Year 2018 FCC Form 471, #181041799, in the EPC portal of the Schools and Libraries Division ("SLD") of the Universal Service Administrative Company's ("USAC") portal on March 23, 2018, just one day after the FCC Form 471 filing deadline of March 22, 2018 for FY2018.

Since FY 2008, the district has relied on TECedge LLC (Consultant Registration Number 16052088), a small Massachusetts based E-rate organization, to ensure the timely filing of our Form 471 Applications. Unfortunately, this year Stephen Kelley, the principal E-rate analyst at TECedge, suffered a fall that required emergency brain surgery (craniotomy) to repair a life-threatening subdural hemorrhage.

He was discharged from the hospital at noon on March 22, 2018. The late discharge did not allow sufficient time for him to complete and certify the application. TECedge's E-rate team had a second unforeseen crisis. A team member had a death in her immediate family with the wake on March 20th and the funeral on March 21st. See attachment with supporting documentation for details.

Consistent with precedent in Academy of Math and Science¹, Gloucester Public Schools respectfully petitions the Commission to waive the filing deadline to allow the Out of Window submission of our E-Rate Funding Year 2018 FCC Form 471 #181041799 due to the unexpected illness of our principal E-rate preparer coupled with a death of a second team member's immediate family. We further request our Form 471 application #181041799 be remanded back to USAC for a complete review and analysis as if it had been certified in a timely manner.

Denying our request will create undue hardship and prevent our otherwise eligible schools from receiving funding that they truly need.

Should you have questions or need additional information, please contact us immediately.

Respectfully submitted on April 3, 2018,

Grant Harris

Director of Information Technology
